

Brain Stroming and Idea Discussion

Date	15 March 2024
Team ID	SWTID-2026-4877
Project Name	India Agricultural Crop Production Analysis

TEAM DETAILS

S. No.	Team Member	Role
1	M.Leela Krishna Sai	Team Leader
2	D.Mohith Reddy	Team Member

Brainstorming and Idea Discussion

S. No.	Discussion Topic	Brainstorming Ideas	Final Decision	Responsible Person
1	Project Selection	Analyze agricultural crop production across India using historical data	Selected "India Agricultural Crop Production Analysis"	Leela Krishna
2	Project Objectives	Study crop production trends, state-wise comparison, seasonal crop analysis, yield analysis	Include all objectives in the project	Mohith Reddy
3	Dataset Selection	Government and Kaggle datasets containing crop production information	Use a cleaned CSV dataset with crop production details	Leela krishna
4	Exploratory Data Analysis	Analyze crop-wise, state-wise, and yearly production	Perform statistical analysis and visualization	Mohith Reddy
5	Visualization	Create bar charts, line graphs, pie charts, and heatmaps	Use visualizations to present insights clearly	Mohith Reddy
6	Documentation	Prepare methodology, analysis, results, and conclusion	Complete the project documentation	Leela Krishna
7	Presentation	Design PowerPoint slides and divide presentation topics	Present the project jointly	Leela Krishna & Mohith Reddy
8	Final Review	Verify results, correct errors, and improve report quality	Review before final submission	Leela Krishna & Mohith Reddy

Individual Responsibilities

S. No.	Team Member	Responsibilities
1	M.LeelaKrishna (Team Leader)	Selected the project topic, defined objectives, assigned tasks, reviewed project progress, prepared documentation, coordinated team activities, and led the final presentation.
2	D.MohithReddy (TeamMember)	Collected the dataset, cleaned and preprocessed data, performed exploratory data analysis, created visualizations, generated insights, and assisted in report preparation and presentation.
