

Requirements analysis

Requirement ID	Requirement Description	Priority	Responsible Person
RA-01	Define the project objectives and scope.	High	Leela Krishna
RA-02	Collect a reliable crop production dataset for India.	High	Mohith Reddy
RA-03	Verify the dataset for accuracy and completeness.	High	Leela Krishna
RA-04	Clean and preprocess the data by handling missing values and duplicates.	High	Mohith Reddy
RA-05	Analyze crop production trends across different years.	High	Mohith Reddy
RA-06	Compare crop production among different states.	High	Leela Krishna & Mohith Reddy
RA-07	Create charts and graphs for better visualization.	Medium	Mohith Reddy
RA-08	Generate meaningful insights from the analysis.	High	Leela Krishna
RA-09	Prepare project documentation and report.	High	Leela Krishna
RA-10	Prepare the final presentation and review the project.	Medium	Leela Krishna & Mohith Reddy

Functional Requirements

FR ID	Requirement
FR-01	Import the agricultural crop production dataset.
FR-02	Clean and preprocess the collected data.
FR-03	Analyze crop production by state, crop, and year.
FR-04	Generate statistical summaries of the dataset.
FR-05	Display graphs and charts for analysis.
FR-06	Identify top-producing crops and states.
FR-07	Generate reports based on the analysis.
FR-08	Export analysis results and visualizations.
